**Re: Petition of MCImetro Access Transmission Services, LLC for Arbitration of Certain Terms and Conditions of Proposed Agreement with Farmers Telephone Cooperative, Inc., Home Telephone Company, Inc., PBT Telecom, Inc., and Hargray Telephone Company, Concerning Interconnection and Resale under the Telecommunications Act of 1996
Docket No. 2005-67-C**

Dear Mr. Terreni:

On August 17, 2005, we filed a proposed order in the above-referenced case. We recently discovered that 2 transcript references in the proposed order are inaccurate, and we would like to bring them to the Commission's and other parties' attention.

On page 30 of the proposed order, the statement is made that "All major switch vendors support JIP in their switches." The proposed order cites page 337 of the transcript in support of that statement. While we believe the statement to be true, it does not appear on page 337 of the transcript of this proceeding. The actual discussions in the transcript on this point relate to the fact that MCI has a DMS switch, and the DMS switch is capable of supporting multiple JIPs. That discussion appears at page 89 of the transcript.

In addition, we have discovered a typographical error in a transcript cite contained in footnote 23 on page 15 of the proposed order. The reference to page 27 of the transcript contained in that footnote should be to page 127 of the transcript.

We apologize for any inconvenience or confusion these errors might have caused.

Very truly yours,

A handwritten signature in black ink, appearing to read "Margaret M. Fox". The signature is fluid and cursive, with the first name "Margaret" being more prominent than the last name "Fox".
